## **COMPANY INTRODUCTION**

GD Care Inc. is a leading importer and distributor carrying quality protection products such as gloves, dental dams, exercise bands, and face masks. With our main distribution center located in Southern California, we are able to serve customers across the U.S., Canada, Puerto Rico, Mexico, and many other regions around the world! Our quality products provide the necessary care and safety for every individual that needs protection.

Let us care for your safety and savings!

## **PRODUCT AND SERVICE**

We are committed to providing top-quality products with dedicated pricing and customer service. Each batch of new inventory goes through rigorous quality inspection in our facility before being deemed for public use. Mandatory and stringent pre-shipment inspections are carried out before the delivery of all orders.

Please do not hesitate to ask one of our knowledgeable representatives for more information on our products. We will happily do our best to assist you with any marketing material, samples, etc.

# NITRILE GLOVES

*Nitrile is a synthetic material that replaces latex which allows for increased tear and puncture resistance. Nitrile gloves also display high tactile sensitivity and form fitting properties.*

*By not containing the latex proteins, users who generally experience adverse allergic reactions to latex natural rubber choose Nitrile as a suitable alternative.*
